Aplikasi jasa Penjualan mobil

1. Tampilan dashboard

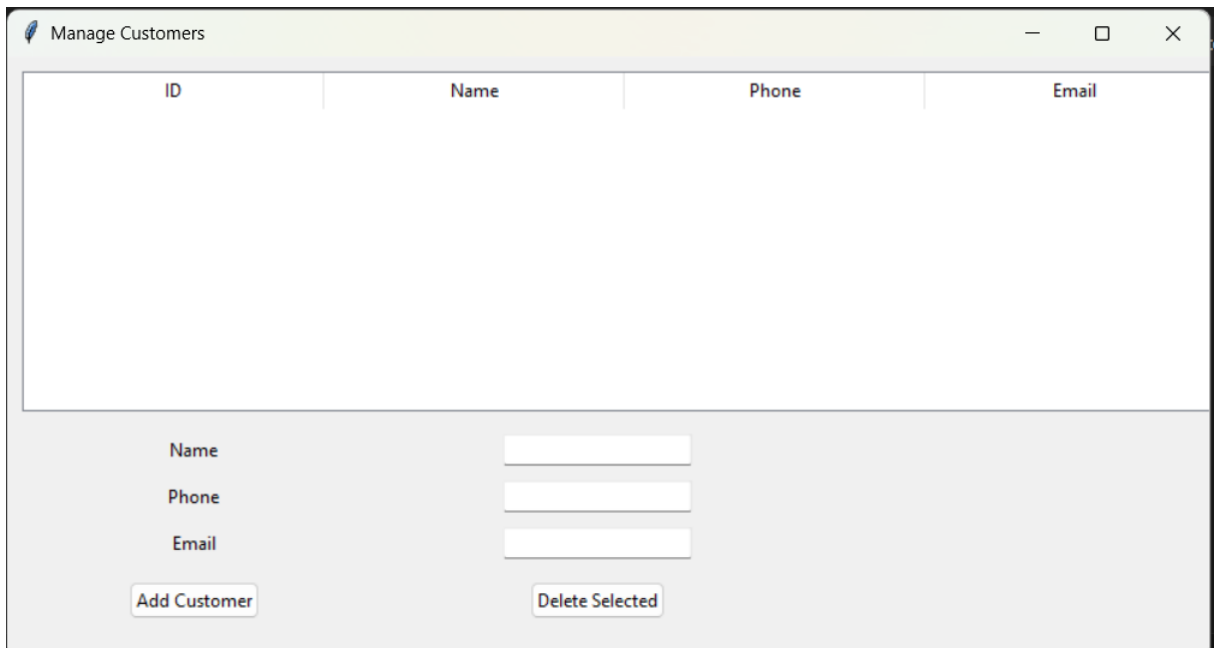

2. Tampilan manage cars

The screenshot shows a web application window titled "Manage Cars". It contains a table with the following data:

| ID | Brand | Model | Price |
|----|-------|-------|-------------|
| 4 | honda | civic | 950000000.0 |

Below the table, there are four input fields labeled "Brand", "Model", "Price", and "Stock". At the bottom of the window, there are three buttons: "Add Car", "Update Selected", and "Delete Selected".

3. Tampilan Manage customers

The screenshot shows a web application window titled "Manage Customers". It contains a table with the following data:

| ID | Name | Phone | Email |
|----|------|-------|-------|
|----|------|-------|-------|

Below the table, there are three input fields labeled "Name", "Phone", and "Email". At the bottom of the window, there are two buttons: "Add Customer" and "Delete Selected".

4. Tampilan Sales Report

Sales Report

| ID | Car | Customer | Date |
|----|-----|----------|------|
|----|-----|----------|------|

Car ID

Customer ID

Total Price

Add Sale
